Done

xviii. You will be asked if you want to FINALIZE Application, Click OK to continue or Cancel to return and modify application.

The screenshot shows a web browser window titled "TRAVIS Web - Microsoft Internet Explorer". The main content area displays a "Payment Details" form. At the top left of the form is a question mark icon and a "Cancel Permit" button. At the top right is a "Comments" button. The form contains the following fields:

- \* Payment Method: A dropdown menu currently set to "On Account".
- Card #: An empty text input field.
- Name on Credit Card: An empty text input field.
- Expiry Date: Two dropdown menus for month and year, separated by a slash.

Below the form fields is a "Note" section with a red header and three bullet points:

- For any payment in person, the permit will be held pending payment and approval
- Bring in your Application #
- Debit Card is not yet accepted

At the bottom of the form are two buttons: "Previous" and "Complete".

Overlaid on the bottom half of the browser window is a "Microsoft Internet Explorer" dialog box. It has a blue header bar with the text "Microsoft Internet Explorer" and a close button (X). The dialog box contains a question mark icon and the text: "Are you certain you wish to FINALIZE this Permit Application?". At the bottom of the dialog box are two buttons: "OK" and "Cancel". An arrow points from the "OK" button in the dialog box to the "OK" button in the dialog box.

## xix. Note Application number

- From this screen you can “Create New” Application,
- New From Draft – will use current application (in this case A11736938) as a model so all information on this application will appear on new application.
  - If using New From Draft, change information as required
  - Otherwise you will end up with 2 identical permits for the same vehicle. (Remember to remove and add new configuration as shown on page 12)
- You can print a copy of the application for your records

## xx. Central Permit Office will review application and create permit. Permit will be sent to you as per notification method requested.

Permit Application Completed - Microsoft Internet Explorer

Menu Logout Create New New From Draft Print Page

This Permit application did not meet all of the criteria for automatic approval and has been sent to the Central Permit Office for final approval. Note that most approvals are done during regular business hours. When approved, the permit will be sent to you via your designated mode of transmission. If you have questions regarding this application please call 1-800-662-7138 or if outside of Alberta 1-403-342-7138 and refer to the application number identified below.

## Log Haul Permit Renewal Process

1. Check and confirm the vehicle plate number, as this will be your identification to associate the logging truck to winter weights.
2. Review the configuration diagrams to ensure that the configuration(s) listed on the renewal form match your vehicle. (use the configuration codes that are included with this package) when applying for permits on TRAVIS Web.
3. More than one code may apply to a configuration. Ensure you use the correct code for your configuration otherwise wrong weights and conditions will attach to the permit.
4. Use the instructions for applying for permits found in the TRAVIS Walkthrough (Pages 1 - 18)

Straight Truck		Configuration Code(s)	<b>truck</b>
Tandem drive tandem pole		Configuration Code(s)	<b>std5600</b> (minimum 11" steer tire size) <b>std6100</b> (minimum 12: steer tire size) <b>std6600</b> (minimum 13: steer tire size) <b>std7100</b> (minimum 14: steer tire size) <b>std7300</b> (minimum 15: steer tire size)
